Okeechobee, Fl. 34974

Your Old Address was:

PLEASE RETAIN A COPY FOR YOUR PERSONAL RECORDS.

ADDITIONAL INFORMATION:

- If you currently use a PO Box located in a Post Office building, your mailing address will not change. Your residence will be assigned a locatable address that should be displayed.
- The Post Office was informed of this change and will deliver mail to your old address for up to one year, however conversion to your new address as soon as possible after the address goes into effect, will avoid confusion in your mail service and possible delays in emergency vehicle response time.
- An address is determined by where a residence driveway intersects the roadway, not the location of your mailbox. Therefore, if your mailbox is in a different location, you should display your house number at the end of your driveway or on your house or garage so it is visible from the roadway.
- In compliance with the National Emergency Number Association (NENA) standards, even addresses will always be on the right side of the road, odd addresses will always be on the left side of the road, based on the direction addresses increase. Addresses increase outward from US Hwy 27.

- In accordance with the Glades County Code 58-35 It shall be the duty of each property owner to comply with this article, including the posting of new address numbers and the removal of old numbers within 90 days following the notification of a new address number.
